

Driver Form B: Notice of Intent to Arbitrate (Demand)

Transportation Network Company Driver Deactivation Rights Ordinance

Instructions to Driver: Complete this form and file this if you wish to ask that the Deactivation Appeals Panel hear the dispute in an arbitration. Arbitration is an out-of-court resolution by an impartial adjudicator (arbitrator). You and the Transportation Network Company (TNC) would each present evidence and the neutral arbitrator would decide whether the deactivation was fair.

Time Limit for Filing: 15 days. This must be filed within 15 days of the date that you filed your Notice of Intent to Challenge the deactivation from the company's platform.

Where to File: You and/or representative must file this with the TNC and the Arbitration Association. You can find contact information for the TNCs and Arbitration Association on the Seattle Office of Labor Standards website at www.seattle.gov/laborstandards.

Information about your representative: You have the right to represent yourself or to have a representative, like an advocate from the Driver Resolution Center, represent you. If you have a representative, fill out their information on the form. If you would like to seek representation from the Driver Resolution Center, please contact them. Their contact information can be found on the Seattle Office of Labor Standards website at: www.seattle.gov/laborstandards.

What happens after submission? The Arbitration Association will contact you to schedule the arbitration and provide information about next steps.
